

TIME IS RUNNING OUT!

Will you be ready for the ADS-B Deadlines?

ONE PROBLEM. THREE GREAT SOLUTIONS.

1

ADS-B OUT EQUIPMENT COMPLIANCE KIT

C&L will provide hardware, loose wire kit, engineering support, and installation information.

2

FULL INSTALLATION

Work performed at C&L Aviation's Bangor facility.

3

AIRCRAFT INSTALLATION TEAM

Travels to the location of the aircraft to perform installation.

Available for:

REGIONAL AIRCRAFT

SAAB 340 | ATR CLASSIC | DASH-8 | BEECH 1900D | EMB-120 | METRO

CORPORATE AIRCRAFT

BEECHJET 400A | HAWKER 800 SERIES | CHALLENGER SERIES | LEARJET

AND MORE!

GARMIN ADS-B SOLUTIONS:

C&L Aviation Services has a Garmin ADS-B Solution to replace existing Collins TDR-94-D transponders with dual remote mount Garmin GTX-3000 smart transponders. This system also includes installation of a Garmin GDL-88, GA-35 and Flightstream 110 Wireless Bluetooth compatible device which enables GPS position, ADS-B, weather and traffic, SXM weather and radio that can be displayed on personal electronic devices with the Garmin Connect App.
