

TFD-8601 EFIS DISPLAY

LCD plug-and-play solution for Legacy EFD-86 Displays

C&L offers LCD plug-and-play replacement solutions for legacy EFD-86 CRT Displays. High performance, plug-and-play replacement LCD-based display solutions solve CRT obsolescence problems and avoid expensive full cockpit retrofits. The LCD solution also provides improved reliability and reduces life-cycle costs.

- Form, fit, and function upgrade for EFD-86 CRT displays
- Fully interchangeable with legacy displays
- True plug-and-play with existing CRT units
- Instant conversion – install on overnights or at the gate
- No changes to cockpit panels or wiring
- No flight crew or maintenance retraining
- Advanced THOMAS ADA 2.0™ ADAPTIVE DISPLAY ARCHITECTURE
- Adds functionality and capacity to support emerging requirements
- Eliminates threat of CRT obsolescence
- Captures LCD technology benefits - higher MTBF at lower cost of ownership over CRTs
- Includes five-year warranty and world-class product support

TFD-8601 LCD upgrade (replaces Rockwell Collins P/N 622-6342-XXXX)
