ATR 42/72 SUPPORT PROGRAM

+1 207 217 6050 | inquiries@cla.aero | cla.aero

YOUR ONE-STOP SOLUTION FOR ATR 42/72 SUPPORT AND SERVICE

Overview of ATR 42/72 Support

At C&L, we have one of the world's largest inventories of ATR 42/72 - rotables and expendables - available for operators, along with a complete range of programs and parts support that can be tailored to your specific needs.

All parts are available for purchase or exchange at competitive prices and with industry warranties. These parts are in new, overhauled, and serviceable condition and available individually or as part of a package.

Our aircraft parts are thoroughly inspected and tagged prior to being placed in inventory ready for sale. All parts and certificates are photographed and scanned into our system, where they are readily available for customer inspection online and included as part of a quote.

When you work with C&L, you can expect 24/7 parts support and international same-day shipping from our strategically located, fully stocked warehouses around the globe.

We offer:

- Spare Parts Supply
- Exchange Programs
- Repair Management
- Consignments
- Power-By-The-Hour Programs
- Rotable Repair Management
- Distribution of OEM Product
- Contract Pricing
- Supply Agreements

Programs:

- Landing Gear Programs
- Leading Edge Programs
- Engine Support Programs
- Propeller Blade Programs
- Prop Assembly Actuators and Hubs Programs
- Cockpit Display Program
- Windshield Program
- Oxygen Mask Program
- Igniter Plug Program
- Engine Mount Program

ATR 42/72 EFIS Display LCD Plug-And-Play Replacement EFI-650

L3's EFI-650 Electronic Flight Instrument System (EFIS) display upgrade provides a plug-and-play replacement for the Cathode Ray Tube (CRT) displays. The EFI-650 displays provide higher reliability, reduced weight, and lower life-cycle cost.

Key Benefits:

- Form, fit, and function replacement for legacy ED-800 CRT displays
- Fully interchangeable with legacy displays
- True plug-and-play with existing CRT units
 - Instant conversion – install on overnights or at gate
 - No changes to cockpit panels or wiring
 - No flight crew or maintenance retraining
- Captures LCD technology benefits – higher MTBF at a lower cost of ownership over CRT displays
- Advanced THOMAS ADA 2.0™ Adaptive Display Architecture adds functionality and capacity to support emerging requirements
- Eliminates threat of CRT obsolescence

Safran Oxygen Masks

Through our partnership with Safran, C&L offers overhauled oxygen masks at a substantial savings compared to purchasing new.

- Available for p/n: MC10-04-105 and MC10-04-110
- Flat-rate repair/overhaul program with 2-year warranty
- Huge savings compared to buying new
- All OEM parts used in repair
- Available for immediate shipment
- 8130 dual release tags

Why are Safran Oxygen Masks the most trusted in the market?

Safety:

- Superior hypoxia and smoke protection
- Donned in less than 5 seconds

Simplicity:

- One-hand control
- Designed for comfort

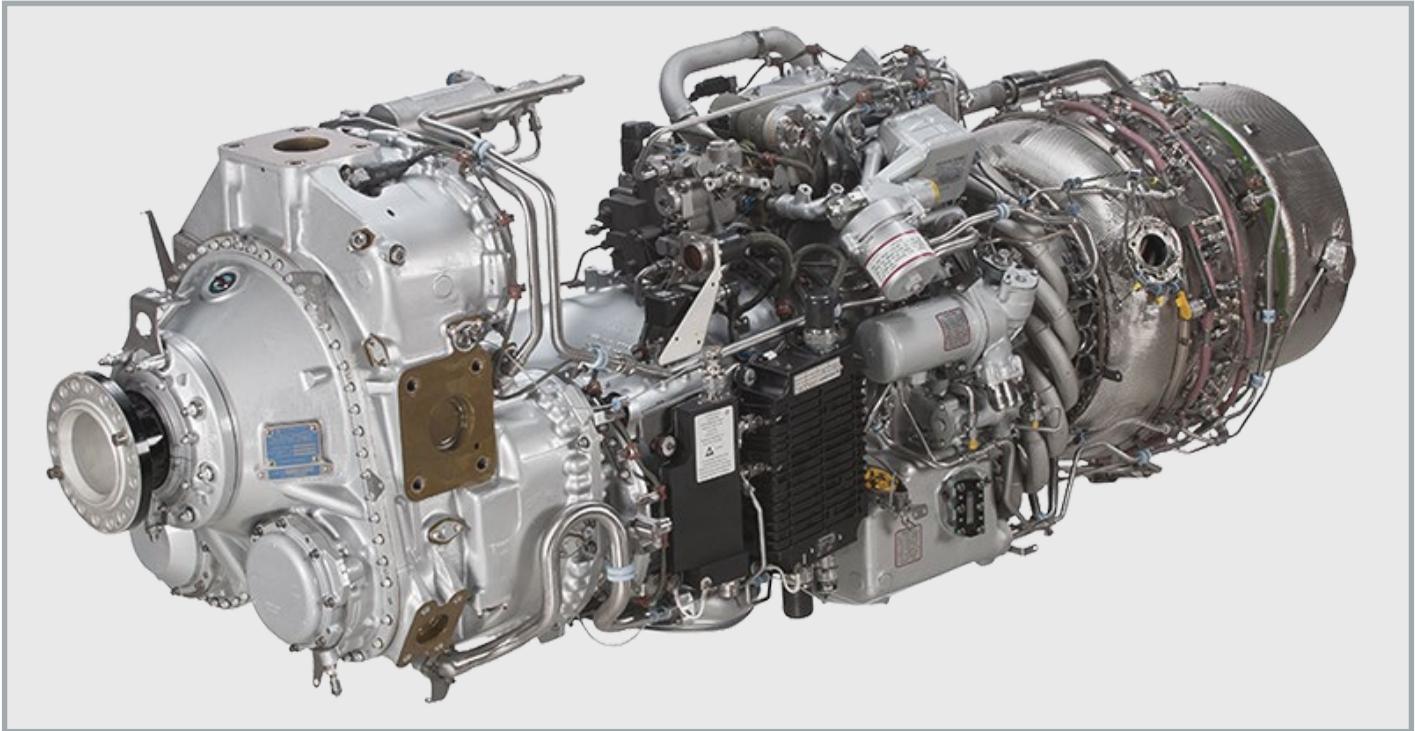

Reliability:

- 40+ years of experience and expertise
- 100,000+ masks and regulators in the field
